COMPANY

Since the establishment of Shaury Enterprise Co., Ltd. in 1988, we continuously improve and transform, with confidence in technology and enthusiasm in cooperation and services. We keep challenging new technology to advance product quality and eager to develop more new products. In the past 20 years, we have endeavored to produce outdoor sporting products and pass Europe BSCI certificate. Now, we have become the most professional manufacturer of FLOORBALL & HOCKEY related products in Taiwan, offering a complete line of items.

With abundant OEM experience, Shaury is careful and serious in handling different production procedures, from the R&D, design, mould opening, sample making, mass production, quality check to shipment. Likewise, we have become the OEM manufacture of many famous brand names in sporting item around the world.

In addition, we are not just reputation of sporting excellence. We also capable of providing all kinds of plastic design, mould opening, plastic shot injection, production for all goods and OEM/ODM projects according to customer demands. In 2001, we are successful in changing into a manufacturer of electronics, photonic, and telecommunication products, and medial equipment, from a manufacturer of sport products. In the past 14 years, we have been receiving support from our customers, laying firm foundations in high-tech industry and the manufacturing of plastic products. Highly praised, our business exhibits steady growth. We have been very successful in developing the following products: VOIP, IP Gateway, wireless home network controlling equipment, gas controllers, light controllers, temperature and humidity controller, ultra-red detectors, alarm systems, DV, cameras, etc. Furthermore, we also cooperate with other electronic manufactures in developing many other new products.

Considering the impact exerted by China on the market of sporting products because their low labor cost and low quality, to adjust our position in the overall economic environment and developmental trends, Shaury has transformed into the producer and designer of the plastic mould and the shell, making the best use of our core technology, together with our competitiveness in mould manufacturing and plastic shot injection, and our strong R&D capability.

In the future, Shuay Enterprise Co., Ltd will work ceaselessly to achieve our core values-human dignity, social responsibility, and green environmental industry. Further, with the goal of quality come first, we will endeavor in accumulating our competitiveness to achieve our ultimate goals-sustaining management and growth.
